SUMMARY

I am a Ruby on Rails Developer with over 4 years of experience in building scalable web applications, CRM systems, and RESTful APIs. I have a robust background in backend architecture, database optimization, and API integrations. My expertise lies in delivering high-performance automation tools using Ruby on Rails 7 and improving operational efficiency by reducing manual effort

EXPERIENCE

Ruby on Rails Developer

Corelto Next Gen Pvt. Ltd

08/2024 Ahmedabad

A company focused on developing innovative software solutions
